Some of the biggest men in the country are customers of ours. We had the pleasure of fitting out United States Senator this week large man in more ways than one. He wanted a suit from American'- made fabrics, and was both surprised and delighted to find how perfectly he could be fitted with ready-made garments.

The Senator is six feet four inches tall, forty-two inches around the chest; but had he measured fifty inches we'd fit him just as cleverly. You large men can reduce to a minimum the penalty you pay for such grand proportions by coming to us for your clothes.

Not to speak of Suits, we mention some of our "Extra Size" Over-
